

Worship Internship

We develop future church leaders, and Redeemer Internships are the most hands-on and extensive way to be developed. Interns are major contributors to the ministry of Redeemer, helping our team accomplish a greater vision while learning and growing in their own skills and spiritual development through meaningful work and experience.

We are looking for interns who are:

- Passionate about connecting people to Jesus Christ through worship.
- At least 18 years old.
- Hard-working, driven, and teachable leaders.
- Drawn to full-time worship ministry and looking for meaningful experience.
- Desiring to grow in their musical and relational leadership.
- Hungry to be coached and mentored in their spiritual and character development.

What you would do as a Worship Intern:

- Work with and be coached by the Director of Worship to serve on and lead teams in worship.
- Plan, schedule, and facilitate mid-week rehearsals and Sunday worship experiences.
- Develop, lead, and learn from worship & tech volunteers.
- Envision and implement creative elements and atmospheres for Sunday worship.
- Engage an online audience in meaningful worship experiences.

Here's what you also get as an intern:

- \$600 monthly compensation.
- 10 hours weekly of comprehensive worship ministry experience.
- Personal and professional coaching and mentoring.
- A cohort of interns to connect with and learn from.
- Monthly leadership development learning with your cohort of interns.
- Intentionality to complete any internship requirements for your education.

We'd also love if you:

- Are willing to endlessly loop bridges and choruses.
- Can confidently explain whether "sloppy wet" or "unforeseen" are the correct lyrics for How He Loves.

Take the next step and apply:

- Go to redeermn.org/internships and apply now.
